The man in the background, with short dark hair and a brown t-shirt, is smiling and looking towards the camera. The laptop is open on a table, and the background is softly blurred, showing what appears to be a window and some indoor plants.

A NEW EFFECTIVE, AFFORDABLE & ACCESSIBLE LEARNING
AND ASSESSMENT SOLUTION DESIGNED SPECIALLY TO
SUPPORT YOUR EXISTING ENGLISH PROGRAMME

INTRODUCING THE BRITISH COUNCIL

As the world's English experts we have a proven track of delivering effective teaching and assessment in the Middle East and North Africa (MENA) region for over 70 years

We have taught English to over 100 million people in over 100 different countries. In MENA alone, we have over 1,200 British Council staff members working with governments, institutions, teachers and students to develop and implement effective English teaching and learning solutions which create life-changing opportunities.

Our research from across MENA has revealed that there exists a huge appetite for online learning:

- **82%** of students who used a British Council online course found it a rewarding and enjoyable learning experience
- **81%** of students who trialed the online course enrolled in the full course
- After trialing the course the majority of students said it was easy to use and the content understandable
- Students also reported that the platform's ease of use and engaging activities overcame the commonly perceived pitfalls of online learning. We achieve this by:
 - Our easy-to-use website
 - Providing clear, simple instructions
 - Courses designed to suit the student's ability
 - Teaching useful, practical English skills
 - Providing feedback and advice on the student's progress
 - Encouraging and developing self-access learning

LearnEnglish Connect

A new English learning and assessment solution

The package provides institutes with great new resources to support their regular teaching programmes and improve their students' English language skills.

Through LearnEnglish Connect students gain:

- An expanded English vocabulary
- Better grammatical competence
- A wider grasp of practical phrases and expressions
- Improved listening and reading skills
- More time to focus on speaking skills in face to face classes
- Increased confidence in their English ability
- Experience of learning online and improved IT skills
- An internationally recognised British Council Certificate as well as an Aptis Report

And because LearnEnglish Connect is tailored to each Institution's needs, it supports all students regardless of their ability level.

HOW LearnEnglish Connect WORKS

1. AN ENTRY TEST

Students first take the British Council's short, user-friendly Online Placement Test. This ensures that students are placed on a course appropriate to their English level.

2. THE ONLINE COURSE

Our online course supports the institute's face to face English programme by providing students with 30-40 hours of engaging interactive exercises that make learning English fun and enjoyable. Students can access the course at any time and the British Council can provide guidance on linking its contents to your main teaching programme. Students' progress is monitored and teachers can access regular reports on their development.

3. THE Aptis ENGLISH TEST & AN INTERNATIONALLY RECOGNISED BRITISH COUNCIL CERTIFICATE

Once the student has completed the course they take the exit test: Aptis. Following the test, students are awarded a British Council Certificate and an Aptis Report stating their CEFR level of English competency.

4. TEACHER SUPPORT & TRAINING

LearnEnglish Connect comes with a purpose-built support package for teachers and institutions. Additional tailor-made training courses can be provided, along with regular seminars to help teachers ensure that their students are getting everything they possibly can from LearnEnglish Connect.

Teachers said that the students became more motivated in their English learning and made faster progress. These students also showed increased confidence in using technology as a learning tool and in studying independently.
